

SWEET HARVEST FOODS

POWDERED HONEY & MOLASSES

Our dried honey and molasses products are natural sweetening agents with the easy handling and storage characteristics of a dry product. Whether you're using them for marinades, glazes, powdered beverages or something else entirely, your products will be bursting with the rich flavors of honey or molasses. Our powder products start with the liquid and are dried by either spray or roller to maximize the natural taste in an easy-to-use powder.

ADVANTAGES OF POWDERS:

- Natural sweetener
- Easy sugar substitute
- Flavor enhancing
- Moisture retention
- No mess
- Will not alter water content
- Easy to handle
- Browning ability
- Longer shelf life

SPRAY-DRIED HONEY POWDER

A free-flowing, soluble, powder produced from liquid honey. Spray dried honey is a natural sweetener with a light-yellow color and mild honey flavor.

USAGE

Best utilized in wet/water-based applications such as: protein shakes, sauces, dressings, marinades, dry rubs, and seasonings

INGREDIENTS: Honey, Maltodextrin (carrier)

PRODUCT DETAILS:
C111 - 50 lb bag

ROLLER-DRIED HONEY POWDER

A free-flowing powder produced from liquid honey. Roller dried honey is a natural sweetener with a rich golden color and the highest level of honey solids.

USAGE

Best utilized in dry applications such as: breads, snack cakes, dry rubs, and seasonings

INGREDIENTS: Honey, Wheat Starch, Calcium Stearate, (anti-caking agent) and Sunflower Lecithin (processing aid)

PRODUCT DETAILS:
C107 - 550 lb bag in box

MOLASSES POWDER

A free-flowing, soluble powder produced from molasses with medium brown color and uniform molasses flavor.

USAGE

Marinades, sauces

INGREDIENTS: Molasses, Maltodextrin (carrier)

PRODUCT DETAILS:
C118 - 50 lb bag
